EFFCA e QPS status

EFFCA

- European Food and Feed Cultures association
- EFFCA was created in 1992 by european culture producers.
- The website attempts to present as complete as possible a description of EFFCA's work as well as some information about cultures.
- Indications will also be found on how to know more about EFFCA members and their products and how to reach other Associations that are active in related fields

<http://www.effca.org>

QPS status for microorganisms

- **Introduction of a Qualified Presumption of Safety (QPS) approach for assessment of selected microorganisms referred to EFSA –**
- **Opinion of the Scientific Committee**
- **http://www.efsa.europa.eu/EFSA/efsa_locale-1178620753812_1178667590178.htm**
